

BIR Young Traders Group Networking Dinner

Owing to the Bureau of International Recycling (BIR), once again the event for young enthusiastic traders was held at the iconic Legends Restaurant Dubai Creek Golf and Yacht Club on 19 May 2015.

The Young Traders Group (YTG) networking dinner is a significant event of BIR congress where young business minds are given attention in a way different from the conventional players in the market. These days, more rookies

are coming into the market and assume responsibility to mature in the business. Thus, given the chance to interact with businessmen of the same age group allows an opportunity to network and be involved in a style

fashioned to Young Traders.

The YTG dinner was sponsored by Sayed Metal, a company dominated by young employees, mostly aged under 35. With about 100 attendances from around the world, the venue was filled with cool traders and a great ambiance,

overlooking the waters of Dubai Creek.

The first meeting of the YTG took place in London in 1995 and the group was then called Young Executives Committee. In 2001, it changed its name to Young Trader's Club and was given fresh impetus with the broadening of its framework to include regular Young networking evenings during the BIR conventions. These dinners give young delegates a unique relaxed networking opportunity where they meet and get to know young counterparts from all over the globe trending the same line.
